

# COVID-19 RESPONSE | COVID-19 IMMUNIZATION DATA BRIEF

## FEBRUARY 19<sup>TH</sup> 2021

### COVID-19 Vaccination Campaign

#### Current Vaccination Phase:

- PHASE 1b – all counties
- County-level phase status information can be found [HERE](#)
- A comprehensive description of phases and priority groups can be found [HERE](#)

- Due to adverse weather across the country during the week of February 15, no Moderna shipments were sent to Wyoming providers. Shipments of Moderna for this week will be received in counties the week of February 22.
- Updates to the WDH Phase 1 designations were released on February 11. Vaccine supply remains low, therefore, individuals named in Phase 1 may still experience delays between now and the time they are able to receive the vaccine.

1st DOSES RECEIVED\*

**83,675**

2nd DOSES RECEIVED\*

**48,380**

1st DOSES ADMINISTERED\*

**77,994**

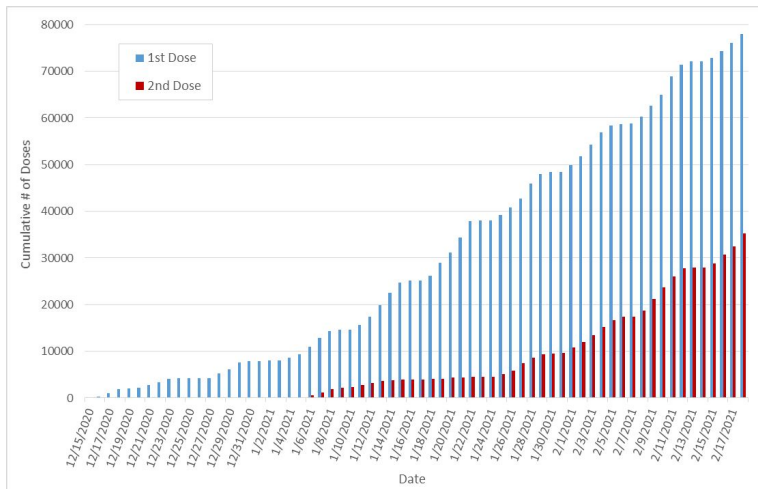

2nd DOSES ADMINISTERED\*

**35,315**

\*Received and administered doses exclude Wind River Indian Reservation, Military, and VA.

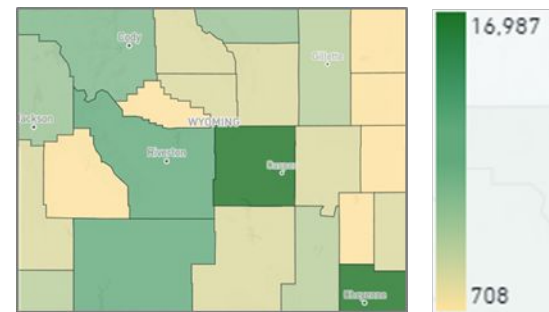

### COVID-19 Vaccination Campaign Data

#### Cumulative Number of Doses Administered in Wyoming, Dec 15<sup>th</sup> 2020 – Feb 18<sup>th</sup> 2021

Data Sources:  
HHS/OWS; WDH WYIR

#### Cumulative Number of Doses Administered by County

### Key Points & Resources

- Vaccine supply is currently limited.
- Getting vaccinated is free. If you have insurance, your insurance can be billed for administration fees. No fees will be billed to you. If you do not have insurance, you will be able to get the vaccine and no fees will be billed to you. Vaccines are free and insurance is not required. Some people may be asked to show Medicare or insurance cards so professionals giving shots can get reimbursed.
- The CDC began the Federal Retail Pharmacy Program late the week of February 8 with 1,800 doses of Moderna being shipped to Wyoming Walmart locations. These shipments are from federal allocations and will be included in future Data Briefs. The following Walmart locations received 100-200 doses of Moderna: Casper (East 2nd location), Cheyenne (2 locations), Cody, Evanston, Gillette, Laramie, Rawlins, Riverton, Rock Springs, and Sheridan. CDC will increase amounts of vaccine, add other Walmart locations, and add other pharmacy chain partners as vaccine availability increases. Retail Pharmacy Program vaccine shipments were also delayed the week of February 15.
